2. Limit

IDFC FIRST Bank at its sole discretion will determine the Card member's credit limit and cash withdrawal limit. (FIRST Digital Credit Card, Cash Card and Add-on Card members share the limit). The Credit Limit and Withdrawal Limit are communicated at the time of delivery of the Card and are also indicated in the monthly statements. Available credit limit is calculated by deducting the utilised limit from the Total Credit Limit. In case the Card member has availed of any loan within the credit limit on the Card, the outstanding loan amount will also be deducted from the

Total Credit Limit to arrive at the Available Credit limit. Cash limit will be a sub-set of credit limit or as may be specified by IDFC FIRST Bank from time-to-time. The Card member shall be entitled to apply for a review / enhancement / reduction of the credit limit and/or cash limit if provided by IDFC FIRST Bank, upon completion of 12 months of his membership. Alterations upon such review, if any, of the credit limit and/or cash limit will be at the sole discretion of IDFC FIRST Bank. IDFC FIRST Bank shall at its sole discretion is entitled to review (including enhancement or reduction) the credit limit and/or the cash limit assigned on the Card at any time and only enhancements, if any, to the credit limit and/or the cash limit, shall be effected by IDFC FIRST Bank along with the consent of the Card member. Usage of the Credit Card shall be deemed as acceptance of the limits granted from time to time.

Consent of the Card member for over-limit facility and review / enhancement / reduction of the credit limit and/or cash limit will be considered as consent across all the Credit card accounts assigned to/ held by the Card member.

3. Interest-Free Period

Interest-free (grace) period shall not exceed 45 Days and will vary depending on the date of the transaction and statement date. Please note Interest-free period is not applicable if the previous month's statement balance has not been cleared in full on or before the due date.

Grace period of 3 days from the payment due date will be provided to customer, where payments are not overdue. This grace period is provided due to the processing time required for payments. But the customer must clear his dues by the payment due date (PDD) mentioned in the credit card statement. In case of non-payment of dues within the grace period, number of 'days past due' reported to credit information companies (CICs) and related penal charges applicable, viz. late payment charges, interest etc., if any, shall be computed from the payment due date mentioned in the credit card statement.

Illustrative Example for the calculation of grace period:

For a statement for the period from October 25, 2020 to November 24, 2020 the payment due date would be December 9, 2020. Assuming that you have paid your Total Amount Due of the previous month statement by the payment due date, the grace period would be:

1. For a purchase dated November 2, the interest-free grace period is from 2nd November to 8th December i.e. 37 days.
2. For a purchase dated October 25th, the interest-free grace period is from 25th October to 8th December i.e. 45 days.

4. Payment Due Date (PDD)

The payment due date can vary between 15 and 20 days from the statement date depending on the outstanding dues repayment history. This period is at the discretion of the Bank and may change. For example in the Interest Free Period section, the statement period is from 25th October to 24th November with due date as 9th December. Here, the Payment due date is 15 days from the statement date

5. Billing and Statement

- i. Statement: Card member will statement showing payments, be billed on a monthly basis and will be sent a monthly transactions and charges, if any, for the month, provided the Card has been used during the said period for transactions of more than ₹100. The statement would be dispatched by Post/Email/SMS/Whatsapp, also available on Netbanking and Mobile application or by any other method communicated by the Bank from time to time to the mailing address/Email Address/Phone Number as per bank's records. Non-receipt of a Statement would not affect Card member obligations and liabilities under this agreement and the Card member shall be liable to settle the outstanding balance on the Card within the Payment Due Card Account for all debits received from the Merchant Date. The Bank will debit the Establishments and charges incurred, and credit the Card Account for all payments made by the Card member to the Bank and also for any payment in favour of the Card member.
- ii. Payable Dues: The monthly statement shall reflect the Minimum Amount Due (MAD) and Total Amount Due (TAD). The Bank may offer the Card member a revolving credit facility wherein the Card member may choose to pay only the MAD as indicated on the Statement. The monthly payment by the Payment Due Date should cover at least the MAD. Any unpaid MAD from the previous statements will also be added to the current MAD to arrive

Interest will be charged if the Total Amount Due is not paid by the payment due date even if the Minimum Amount Due has been paid. Card members may pay more than the Minimum Amount Due on or before the Payment Due Date more than once, or pay the balance outstanding on the Card Account at any time before the due date.

MAD is computed as the sum of EMI + Interest (Finance charges) + Fees, Other charges & taxes + amount utilised over the limit (if any) + 5% of the principal balance outstanding (comprising of Purchases, Cash & Balance Transfer).

W.e.f. statements generated on or after 1st September, MAD is computed as the sum of EMI + Interest (Finance charges) + Fees, Other charges & taxes + amount utilised over the limit (if any) + 2% of the Principal balance outstanding (comprising of Purchases, Cash & Balance Transfer).

If the Total Amount Due (TAD) is less than ₹100, the MAD would be equal to TAD.

For FIRST SWYP Credit Cards, Card Member can either pay their total amount due by the payment due date, or convert their eligible balances into EMIs. Hence, under this product, Total Amount Due will be equal to Minimum Amount Due. Eligible Balance is calculated by deducting existing EMIs, fees & charges and any transactions not eligible for EMI conversion (such as Gold Purchase transactions) from the Total Amount Due.

The Card member must note that making only the minimum payment every month would result in the repayment stretching over years with consequent interest payment on their outstanding balance.

Illustration: If Card member spends ₹5,000 and pay back exactly the Minimum Amount Due (subject to a minimum payment of ₹100) every month, it will take up to ~7 years to pay back the total amount. We therefore suggest that whenever cash flows allow, Card member pay back an amount substantially more than the Minimum Amount Due. In case Card member makes an excess payment compared to the outstanding of the Card, there will be credit balance in the Card Account. This will be adjusted against the subsequent transactions on the Card. However, no interest can be claimed on amount.

*In FIRST SWYP Credit Card, revolving credit facility is not available for card member. Card member has to either pay Total Amount Due (TAD) in full before Payment Due Date (PDD) or convert eligible due amount to EMI before PDD.

Illustration for FIRST SWYP Credit Card:

For a monthly statement dated 17th of October the total amount due on the Payment Due Date (PDD) is ₹15,000. Then, the Card member is required to pay the full amount of ₹15,000 on or before the Payment Due Date i.e 1st of November (15 days from statement date). If card member pays partially, for example ₹10,000 of ₹15,000 then the Card member is required to convert eligible balance amount of ₹5,000 into EMI on or before the Payment Due Date i.e 1st of November to avoid LPC. (Card member will have to pay dues which are not eligible for EMI conversion on or before payment due date).

6. Payments

Payments received against the Card will be adjusted against the various categories in the following order

- i. Fees and charges including taxes
- ii. EMI
- iii. Interest charges
- iv. Cash advances
- v. Purchases
- vi. Other debits

Billed outstanding dues will be prioritised over unbilled outstanding dues for payment application; with the order of payment application remaining same as above. For any transaction done before the statement generation date, credit of such refund/failed/reversed transaction post generation of bill but before making payment of the dues shall be adjusted towards the Total Amount Due (TAD) and accordingly the card member will be required to pay only the remaining outstanding due (Remaining outstanding due = TAD – Credit amount)
